Subject: Rochester Midland Corporation Products Effective Against Coronavirus

To Whom It May Concern,

The Wuhan coronavirus, also known as the 2019 novel coronavirus (2019-nCoV), is a coronavirus, as the name indicates. Coronaviruses are a large family of viruses, some causing illness in people and others that circulate among animals.

The US Center for Disease Control's 2019-nCoV information page recommends that people clean all frequently touched surfaces every day, as well as any surfaces that may have blood, body fluids and/or secretions or excretions on them. They suggest the use of a diluted bleach solution or a household disinfectant with a label that says "EPA-approved."

The following Rochester Midland Corporation products have been approved by the EPA as able to kill coronaviruses:

- CP-64
- Enviro Care Neutral Disinfectant
- LabGuard 256
- Quat Plus TB
- SNAP! Enviro Care Neutral Disinfectant

The following Rochester Midland Canada Corporation products have been approved by Health Canada as able to kill coronaviruses:

- Enviro Care Neutral Disinfectant
- SNAP! Enviro Care Neutral Disinfectant

Please feel free to contact us if you require any additional information.
